At *All Pro Sports Center* we provide, a high quality, fully supervised and structured After Schools Program. This daily three hour Program combines homework study (*supervised by a qualified teacher*) and sport (*supervised by qualified coaching staff*). We undertake all aspects of running the After School Program and the associated administration, ensuring that no further pressures are put on the schools or its teachers as with most in school programs!

PRO SOCCER CAMPS

Direct from Manchester, England the home of professional soccer, we bring you the ultimate Soccer Camp. **All Pro** started life in the professional soccer clubs in England and now can be found here in the USA. All coaches have played and coached professional soccer and therefore will give you an insight into how the professionals play and train. We are not a one star name camp, nor do we use college students who are still learning the game. Each coach is hand picked for each age group. The high intense soccer camps will help you realize your full potential as a soccer player. At **All Pro** we only use coaches who have coached and played professional soccer, therefore every session you attend you will be pushed to your limits both physically and mentally. **All Pro** believes that every player deserves the right to be coached by the best coaches available, therefore whether you're a recreational player, travel, premier, ODP, College or professional player, we have the camp for you. **All Pro** camps are from ages 6 years to senior players. We have our camps at venues throughout Maine and are now selecting other areas such as Tennessee, Indianapolis and Massachusetts.
